1 CONNECTION

2 REMOTE CONTROL

DIGITAL TV RECEIVER

LDT1B

3 GETTING STARTED

Connect all cables before plugging in to mains. After plugging in the mains lead of the set to the mains supply, a red light will be seen on the front panel (Standby mode). When the set-top-box is first powered up please wait for a while before activating the receiver since booting of software will take some time. Then, you can turn on your digital set-top box by pressing the **STANDBY** button on the remote control. The red light on the front panel will change to green. (Power on mode)

4 FIRST TIME INSTALLATION

➤ Set the TV type with “◀/▶” keys and press SELECT .You can select Normal 4:3 or Widescreen 16:9 if you have a widescreen TV.

➤ Automatic channel scan window appears and the unit starts to search for channels.

5 MAIN MENU

Main menu is accessed by pressing the **MENU** key on the remote control.

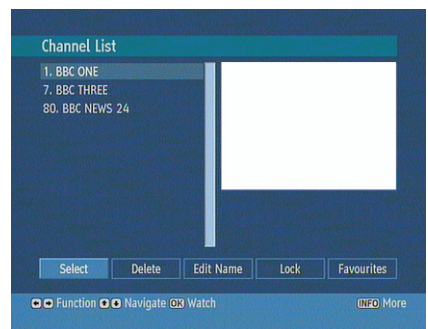

- Navigate with “▲/▼” keys among the menus and press SELECT to activate menus.
- The channel list Installation, Configuration, Timers, and Language menu are achieved from main menu.
- Press MENU to abandon the menu. In all menus there is an Info banner at the bottom of the screen. These are functions that can be applied in the menu.

6 CHANNEL LIST

Channel list is the place where the channels are managed. The following operations can be performed in this menu:

- Selecting channels
- Deleting channels
- Renaming channels
- Adding locks to channels
- Setting favourite list
